NEWSLETTER - NO. 8

April 2014

Things are moving fast at the **GOOD NEWS COMMUNITY CENTRE**. Here are some of the latest pictures of the good progress made so far. Have you driven passed it yet? It's worth a look.

Good progress being made on the hall.

And the miracles keep occurring:

A security alarm system complete with a security camera and a recording feature has been gifted. This will be pre-wired during the next couple of weeks. This is an amazing gift and will help the Trust to ensure these facilities are well looked after. The Trust is very grateful to the donor.

The Church and new facilities have now been connected. Once the project is complete St Marks Church will be entered into from the back through a corridor in the new facilities rather than from a side door as it is at present.

This week should see nearly all the weatherboards in place and most of the windows installed. The connection of some of the services will commence later this week.

The windows are now in the offices.

The Church and new facilities have now been connected. Once the project is complete St Marks Church will be entered into from the

The church has now been linked to the new facilities.

The building is well on target for finishing on time (July) and for the Official Opening – more of that in due course.

It is hoped to open the building debt-free, however we still have a deficit of nearly \$90 000 to raise to make this happen. The Trust is indebted to the Brymer Group and our Project Manager, Vic Chapman, who has managed to secure many discounts and at times has procured goods for free.

Thank you for your faithful giving – it has been a real faith-building exercise and it is a continual source of blessing as, so often, things are 'just there' when they are needed.

Tax receipts for the year ending 31 March 2014 have been made out and will be available from your church on Sunday or have already been mailed to other donors. If you do not/have not received yours, please contact the Trust Secretary on 07 843-7755.

Pat Gregory
Building Campaign Secretary
Te Rongopai Community Trust

Some of the trustees and associates walk through the new building.
